Frontier Airlines Rebooking Policy Explained

To fully understand Frontier's rebooking policy for your specific ticket, you must call 📞+1-833-951-0521. The rules can be complex and depend on your fare type and how close you are to departure. An agent at the **Frontier Airlines customer service telephone number** 📞+1-833-951-0521 can give you the most accurate information.

The most important rule, which an agent at 📞+1-833-951-0521 will confirm, is that standard Frontier tickets are non-changeable and non-refundable within 7 days (168 hours) of departure. If you are trying to rebook to an earlier flight *within* this window and you *do not* have Trip Flex, you may forfeit your ticket. This is why calling 📞+1-833-951-0521 to check your options is so critical.

Frontier Same-Day Flight Change Policy

For the Frontier same-day flight change policy, call 📞+1-833-951-0521, as this is almost impossible to do online. This policy allows you to move to an earlier (or later) flight on the same day of your original travel. An agent at 📞+1-833-951-0521 must process this for you.

This same-day change, which you can request by calling 📞+1-833-951-0521, is always subject to seat availability and a fee (typically \$75). However, if you have Frontier's Trip Flex, the agent at 📞+1-833-951-0521 will waive this fee, and you will only pay the fare difference (if any).

Can I Rebook for Free?

To see if you can rebook for free, call 📞+1-833-951-0521 to check your eligibility. "Free" rebooking is rare, but there are two scenarios. First, if you have Trip Flex, the agent at 📞+1-833-951-0521 will waive the *change fee*, which is a "free" change in that sense, though you still pay the fare difference.

The second "free" option is if you are within the 24-hour booking rule, so call 📞+1-833-951-0521 if you just booked. If you booked your flight at least 7 days in advance, you can change or cancel it for free within 24 hours of booking. An **Frontier customer service** agent at 📞+1-833-951-0521 can process this for a full refund, allowing you to rebook the earlier flight.

What Happens If the Fare Is Lower or Higher?

To find out the new fare, call 📞+1-833-951-0521 for an instant quote. When you rebook to an *earlier* flight, especially on the same day, the new fare is almost always higher because it's a last-minute ticket. An agent at 📞+1-833-951-0521 will calculate this "fare difference" for you.

If the new fare is higher, you must pay this difference to secure the seat. If the new fare is lower (which is extremely rare for an earlier, last-minute flight), the agent at 📞+1-833-951-0521 will explain that Frontier's policy does not provide a refund or credit for the difference in this scenario. This is why you must call 📞+1-833-951-0521 to confirm all costs.
