 Social Media: Contact through official Tangem accounts on Twitter or Facebook

Services and Issue Resolution Tangem Support helps with:

- Refund requests → Call **+1-(801) 730-9692**
- Failed or canceled transactions → Contact the 24/7 line **+1-(801) 730-9692**
- Login issues or verification errors

- Account setup, recovery, or access problems
- Delayed withdrawals or transfers
- Technical bugs and software malfunctions

Refund Eligibility

Refunds are considered valid when:

- A crypto transaction was sent but not received.
- Funds were transferred to an incorrect wallet address.
- Payment was canceled due to Tangem system error.
- Unauthorized charges appeared in your account.

For refund inquiries, dial **+1-(801) 730-9692** immediately to speak with a review agent.

Common Technical Problems

- Login failures or inactive 2FA authentication
- Website or app not loading properly
- Incorrect wallet balance after sync
- Transaction delays beyond normal processing time

If issues persist, contact Technical Support at **+1-(801) 730-9692** or use **Live Chat**.

Support Tips

- Clearly explain your issue when calling **+1-(801) 730-9692**.
- Attach screenshots when emailing support for accuracy.
- Use only official Tangem contact options to avoid scams.
- Keep ticket or confirmation numbers for follow-ups.
- Never share private keys, passwords, or authentication codes with anyone.

Summary

Tangem Customer Support provides **24/7** help for installation, troubleshooting, transaction recovery, and refund processing. Calling the official hotline **+1-(801) 730-9692** ensures fast, verified assistance from experienced agents across all channels—phone, live chat, app, and email.

Conclusion
